

For the Removal and Permanent Cure of all NERVOUS DISEASES, And of those Complaints which are caused by an impaire weakened or unhearthy condition of the NERVOUS SYSTEM.

This beautiful and convenient application of the mysterious powers of GALVANISM and MAGNETISM, has been propounced by distinguished physicians, both in Europe and the United States, to be the most valuable medicinal discovery of

## Dr. CHRISTIE'S GALVANIC BELT

MAGNETIC FLUID, is used with the most perfect and certain success in all GENERAL DEBILITY,

Strengthening the weakened body, giving tone to the various organs, and invigorating the entire system. Also in FITS, CRAMP, PARALYSIS and IALSY, DYSPEPSIA or INDIGESTION, RHEUMATISM, CUTE and CHRONIC, GOUT, EPILEPSY, LUMBAGO, DI AFNESS, NERVOUS TREMORS, PALPITATION OF THE HEART. APOPLEXY, NEURALGIA, PAINS in the SIDE and CHEST, LIVER COMPLAINT, SPINAL COMPLAINT, and CURVATURE of the SPINE, HIP COMPLAINT, DISEASES of the KIDNEYS, DEFICIENCY OF NERVOUS and PHYSICAL ENERGY, and all NERVOUS DISTASES, which complaints arise from one simple cause—namely.

A Derangement of the Nervous System. A Derangement of the Nervous Systems.

Of in NERVOUS COMPLAINTS, Drugs and Medicines increase the disease, for they we ken the vital energies of the already prostrated system; while under the strengthening, life-giving, vitalizing influence of Galvanism, as applied by this beautiful and wonderful die overy, the exhausted patient and weakened sufferer is restored to former health, strength, elasticity and vigor.

The great peculiarity and excelence of

Dr. Christie's Galvanic Curatives, consists, in the fact that they arrest and cure disease by out ward application, in place of the usual mode of drugging and physicking the patient, till exhau ted Nature sinks hopelessly ander the infliction.

inder the indiction.

They strengthen the whole system, equalize the circulation of the blood, promote the secretions, on never do the slightest injury rules my circumstances. Since their introduction in the insted States, only three years since, more than 60,000 Persons

ding all ages, classes and corditions, among which wer go number of ladies, who are peculiarly subject to Nerr Complaints, have been ENTIRELY AND PERMANENTLY CURED,

ENTIRELY AND PERM ANENTLY CURED,
when all hope of relief had been given up, and every thing
else been tried in vain!
To illustrate the use of the GAI VANIC BELT, suppose
the case of a? erson afflicted wit that bane of civilization,
DYSPEESIA, or any other Chroni or Nervous Disorder. Is
ordinary case, stimulants are taken, which, by their action on
the nerves and muscles of the stom ch, afford temporary relief,
but which leave the patient in a lower state, and with injured
faculties, after the action thus excited has ceased. Now compare this with the effect resulting from the application of the
GALVANIC BELT. Take a Dyreptic sufferer, even in the
worse symptoms of an attack, and simply tie the Belt around
the body, using the Magnetic Fit d as directed, in a short
period the invensible perspiration will act on the positive
element of the Belt, thereby cau ing a Galvanic circulation
which will puss on to the negative and thence back again to
the positive, thus keeping up a cratinuous Galvanic circulation throughout the system. Thus, the most severe cases of
DYSPEPSIA are PERMANENTL. CURED. A FEW DAYS
IS OFTEN AMPLY SUFFICIENT TO ERADICATE THE
DISEASE OF YEARS.

CURE OF RHEUMATISM, BRONCHIT & AND DYSPEPSIA.

Rev. Dr. Landis, a Clergyman of New Jorsey, of distinguishe, attainments and exalted reputation: Sidney, ! ew Jersey, July 12, 1848.

DR. A. H. CHRILI TR. Dear Sir You wish to know of me what has been the . Bult in my or n case, of the application of THE GALVANIC BELT AND NECKLACE. My reply is as

For about twenty years I had been suffering from Dyspep de Every year the symptoms became worse, nor could I For about twenty years I had been suffering from Dyspepnia. Every year the symptoms became worse, nor could I
obtain permanent relief from any course of medical treatment
whatever. About fourteen year since, in consequence of
frequent exposure to the weather in the discharge of my pastoral duties, I became subject to a severe Chronic Rheumatiam, which for year after yes, caused me indescribable
anguish. Farther; in the winten if 45 and '46, in consequence
of preaching a great deal in my own and various other
charches in this region, I was attacked by the Bronchitts,
which soon became so severe as to require an immediate supension of my pastoral labors. My nerrous system was now
floreughly prostrated, and as my Bronchitis became worse, so
also did my Dyspepsia and Rheur atic affection—thus evincing
that these disorders were connected with each other through
the medium of the Nervous System. In the whole pharmacopagia there seemed to be no remedial agent which could
reach and recuperate my Nervou System; every thing that I
had tried for this purpose had completely failed. At last I
was led by my friends to examine your inventions, and (though
with no very sanguine hopes of their efficiency.) I determined
by the effect of the application of the GALVANIC BELT
AND NECKLAGE, with the MAGNETIC FLUID. This was
in June, 1846. To My GREAT AST ONISMBERT, IN TWO DAYS MY

RHKUMARIC ASFREYION HAS ENTI ELY CRASED TO TROUBLE ME.

The Faculties, for intellectual abilities, moral worth and professional acquirements, will compare fave rable with the most distinguished in our coun try. The medical faculty constitutes an anomaly in this or any other country-all of them are able lecturers and the best of teachers.

Those who will contemplate our geographical position, and the extent of our population, can have no doubt as to the eligibility of our situation for an enterprise of the kind. As to health, including all seasons of the year, we deny that ANY OTHER CITY HAS MORE.

A common error exists in the minds of many students relative to the place of studying medicine those who intend practicing among the diseases o the West and South should certainly educate themselves at a school whose faculty are practically acquainted with those diseases.

That the public may be satisfied of the permanency of this school, we feel it our duty to state that the Trustees and Faculty form a UNIT in action which augurs well for its tuture success; and that the peculiar internal organization which connects them, cannot be interrupted.

#### CELEBRATED GERMAN BITTERS, PREPARED BY

These Bitters are worthy the attention of invalids. Pos sessing great virtues in the rectification of diseases of the Liver and lesser glands, exercising the most searching powers in weakness and affections of the digestive organs, they are, withal, safe, certain and pleasant. "The Tenth Legion," published at Woodstock, Va., Jan. 10, 1850, said—

"A GREAT MEDICINE," "We have uniformly refrained from recommending to the public any of the various Patent Medicines of the day, unless thoroughly convinced of their value. Among those we consider worthy of notice is the German Bitters, invented by Dr. Hoofland, and prepared by Dr. Jackson, in Philadelphia. One instance in particular, in which the superior virtues of this medicine have been tested, has fallen under our observation. During the last summer, a son of Mr. Abraham Brabill, of this country, was very seriously afflicted with Liver Complaint, and after trying in vain various remedies, he purchased a bottle of the Bitters and after nsing it, was so much relieved of his distressing malady that he procured another bottle, and is restored entirely to health.

"We again call attention to the removal of the German Medicine store, the principal depot for the sale of Dr. Hooland's German Bitters, from 278 Race to 120 Arch street, one door below Sixth. Owing to the increased demand for this medicine, and for the accommodation of his numerous patients, Dr. Jackson has been compelled to occupy a larger store. We wish him success in his new quarters; he is deserving of it. The Bitters Mixture is without doubt the greatest medicine extant for diseases of the Liver and Bowels. A stubborn case of Chronic Diarrhosa has come Bowels. A stubborn case of Chronic Diarrhoa has come under our notice, wherein the patient had exhausted the Materia Medicas of the different schools of medicine with Materia Mediens of the different schools of medicine with no apparent benefit. He was induced to use these bitters, and a few bottles of them have entirely cured him: Many uch cases we could refer to. We hope our readers will recollect this great restorative, should they be so unfortunate as to require its use. Dr. Jackson possesses the original unpublished receipt of Dr. Hoofand, and he prepares this medicine with this care. Those purchasing should call at his store, or see that his some is written upon the wrapper othside, and blown in the bottle, as imitations of all good articles are common."

"Dr. Hoopland's German Bitters.—Here is a proparation which the leading presses in the Union appear to be manimous in recommending, and the reason is obvious. It is made after a prescription furnished by one of the most celebrated physicians of modern tim s, the late Dr. Christopher Wilhelm Hoofland, Professor to the University of Jena, Private Physician to the King of Prussia, and one of the greatest medical writers Germany has ever produced. the greatest medical writers Germany has ever produced-He was emphatically the enemy of humbing, and therefore a medicine of which he was the inventor and endorser may be confidently relied on. He specially recommended it in liver complaint, dyspepsia, debility, vertigo, acidity of the stomach, constipation, and all complaints arising from a disordered condition of the stomach, the liver and the intestines. Nine Philadelphia papers express a reconviction of its excellence, and several of the editors speak of its effects from their own individual experience. Under these circumstances we feel warranted not only in calling

MORE EVIDENCE.

The "Philadelphia Saturday Gazette," the best family ewspaper published in the United States, the editor says of

DR. HOOFLAND'S GERMAN BITTERS. "It is seldon that we recommend what are termed Pat-ent Medicines to the confidence and patronage : four readent mentenes to the commente and partonice from reachers, and therefore, when we recommend Dr. Hoofkand's German Bitters, we wish it to be distinctly understood that we are not speaking of the nostrums of the day, that are moised about for a brief period and then forgotten after they have done their guilty race of mischief, but of a medicine

nave none theregoiny race of mischier, out of a findicine long chaclished, universally prized, and which has met the hearty approval of the Faculty itself.'

Evidence upon evidence has been received (like the foregoing) from all sections of the Union, the last three ears, and the strongest testimony in its favor, is, that there years, and usep in the practice of the regular Physicians of Philadslphia than all other costrums combined, a fact that can easily be established, and fully proving that a wientific preparation will meet with their quiet approval when presented even in this form.

That this medicine will cure liver complaint and dyspep-ta, no one can doubt, after using it as directed. It acts specifically upon the stomach and liver—it is preferable to caloned in all bilious discases—the effect is immediate.— They can be administered to female or infant with safety and reliable benefit, at any time

From the Spirit of the Times. Dr. Keeler's Cordial and Carminative, is certainly a valuable desideratum in every family, to the young and to adult, but particularly where there are children.
